Get Into the Groove

New dance studio **Groove** (55 Cantonment Rd., 6223-4813) offers the full range of dance classes for those who like to get jiggy with it. Available are belly dance, pole dance, hip hop, salsa and exotic dance. Housed in a converted shophouse near Outram, Groove also has a range of additional social activities for students, including salsa workshops overseas and other dance excursions. Partners are not required for the salsa classes as Groove encourages participants to change partners regularly to get used to different dance styles.
